WARRANTY

BID DESCRIPTION

The Au Jus Warmer/Server is constructed of stainless steel with a brushed #4 finish. Traditional faucet style spigot is black plastic. The compact design takes up a minimal amount of countertop space. Capacity is 1 gallon.

Thermostat is precalibrated to 160° F but adjustable to a maximum of 180° F. 350 watt heating element. Thermostat lock prevents accidental changes. Power is controlled with a lighted ON/OFF rocker switch.

STANDARD FEATURES

- All stainless steel construction for durability
- Holds 1 gallon in a compact countertop design
- Precalibrated thermostat for accurate heat control
- Adjustable thermostat keeps au jus hot and ready to serve all day
- Thermostat lock prevents accidental changes

TWO YEAR WARRANTY

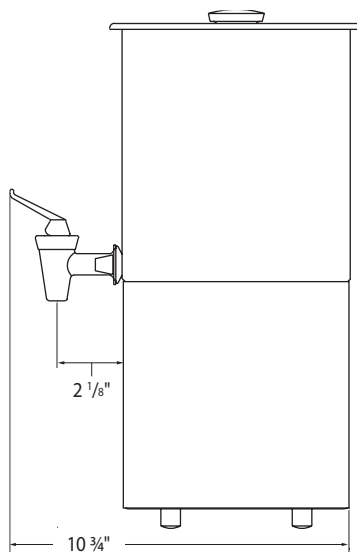

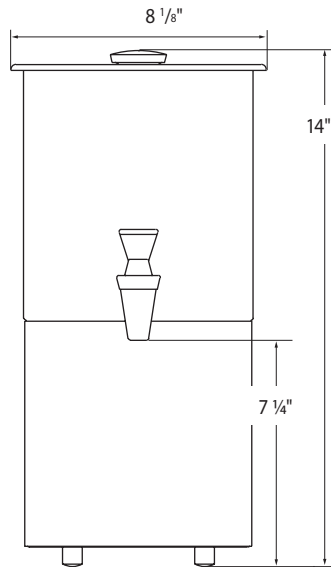

Server Products equipment is backed by a two-year limited warranty against defects in materials and workmanship. For a copy of our complete warranty statement, please refer to server-products.com.
