## Certifications

## Notes & Details

This AvaMix 928PIBPPMD power pack is designed specifically for use with select AvaMix medium-duty immersion blenders (sold separately) if a replacement is needed. This unit includes a lock button for continuous, hands-free operation.

This power pack features a 3/4 hp motor that can blend products at up to 16,000 RPM with ease. It requires a 120V electrical connection for operation and comes with a long power cord that won't restrict your movement. This power pack allows you to replace a broken or worn out one and avoid having to buy a whole new immersion blender.
