### Certifications

ETL, US

ETL Sanitation

5-15P

## Technical Data

Grinder Type	Grinding Burrs
Plug Type	NEMA 5-15P
Type	Coffee Grinders

## Notes & Details

This Avantco BCG3 3 lb. bulk coffee grinder is a must-have addition to any grocery store, coffee shop, hotel, or restaurant. With its powerful high-performance motor, this machine grinds large quantities of coffee beans quickly and efficiently, saving you time and energy. Its user-friendly, top-loading bean hopper is easy to use and provides a 3 lb. capacity. It features long-lasting 84 mm flat hardened steel burrs that are large enough to offer efficient and reliable grinding. Plus, the machine's accurate, stepless grind adjustment allows you to grind coffee to precise granule sizes, ranging from hefty and coarse to Turkish fine. The unit includes 9 easily adjustable grind settings, including Turkish, Espresso, Drip, and French press. The grinder's body also features a convenient, easy-to-read graph that displays the grind size at each setting.

The grinder is equipped with a multipurpose powder chute and container holder that allows you to grind directly into a bag, eliminating extra steps. It also has a heavy-duty metal sheet body for unmatched durability. Its housing is removable, making it easy to access for internal cleaning and maintenance purposes. Additionally, it has a practical powder shaker that will remove all excess grounds from the grinding chamber. Since it is easy to operate and has a compact footprint that fits on most countertops, this grinder is perfect for grocery stores, coffee shops, hotels, and restaurants. This grinder requires a 110V electrical connection for operation.
