Notes & Details

Serve fresh hot dog buns every time with this Avantco BW48M 48 bun stainless steel bun warmer! This bun warmer can hold up to 48 hot dog buns at a time, and thanks to its adjustable temperature of up to 185 degrees Fahrenheit, it keeps buns fresh and warm by providing consistent moist heat. It preheats in about 15-30 minutes, so you can start serving your customers in no time! Plus, this bun warmer has feet indentations on top and is the perfect size, so you can even put your Avantco RG1850 roller grill on top of the warmer for even more space saving and quicker service for your customers!

This bun warmer comes with a convenient drawer that is removable and dishwasher safe, so you can always keep a clean unit when serving to guests every day. Constructed entirely of durable stainless steel, this bun warmer gives a sleek, professional look that seamlessly blends into any eatery. Plus, with a sliding drawer, you can quickly and easily access the hot dog buns every time. Keep your hot dog buns consistently fresh for your guests with this bun warmer! This unit requires a 120V electrical connection for operation.
