## Notes & Details

Keep your fresh fries crispy and hot with this Avantco FFDS-1 freestanding infrared french fry warmer / dump station! Made from all stainless steel for an easy-to-maintain interior and exterior, this unit comes with a base that includes a 2" deep food pan to hold your fresh cut fries in a safe and sanitary manner.

This Avantco fry dump station uses infrared heat with two 500W calrod elements and a quartz light to keep your fries hot. It comes standard with a 55 1/8" long power cord to allow you to move this warmer from the counter to the work table and back - wherever you need it the most. Simple, easy-to-use controls for both heat and light ensure that it is as easy as possible to keep your fries hot. 1000W, 120V.
