Type	Gas Floor Fryers

Notes & Details

A reliable workhorse for any commercial kitchen, this Avantco natural gas stainless steel floor fryer quickly cooks your most popular fried foods, delivering excellent results every time. This energy-efficient floor fryer is powered with natural gas, and it includes a #47 orifice. It utilizes 4 heat exchange tubes to deliver 85,000 BTUs of power while taking up minimal kitchen space. Its type 430 stainless steel tank is designed for long-lasting use and boasts an impressive 45-50 lb. oil capacity. Plus, its fast recovery time is sure to keep up with demand, even during your busiest hours.

This floor fryer features a cool zone in its fry tank, collecting excess batter and crumbs and allowing them to sink to the bottom of the tank for easy cleaning. A 1 1/4" ball-type full port drain lets you quickly remove used oil, and its thermostat allows temperature adjustment from 200 to 400 degrees Fahrenheit. This unit boasts a durable 430 type stainless steel tank, while its galvanized steel housing, door, and top back panel ensure a strong structure. This fryer comes with 2 wire mesh fry baskets with coated handles to offer reliable heat protection and a comfortable grip. Its 6" adjustable legs make it easy to clean the floor underneath and allow for stable use on any floor.
