## Notes & Details

Increasing sales of pre-made hot foods such as hot dogs, burritos, and sandwiches is easy with this Avantco HDC-26 self/full service countertop heated display warmer! With the ability to reach 120 degrees Fahrenheit in 10 minutes and its maximum temperature of 185 degrees Fahrenheit in 20 minutes or less, this merchandiser won't hold you back when hungry customers are flocking to your business.

Great for convenience stores, snack bars, concession stands, and more, this 26" display warmer has front and rear sliding doors to encourage your customers to serve themselves and to allow your staff to refill the shelves from behind the counter. Its 3 tier stainless steel racks are removable for easy cleaning and provide plenty of space to show off your most mouthwatering impulse buys.

This unit has a stainless steel body with an attractive black finish as well as tempered glass doors to protect against breakage. Its thermostatic temperature controls regulate the 1580W of heat radiated by its bottom mounted heating element, while interior lighting provided by two lamps increases product visibility. These lights are controlled separately from the heat for your convenience. This 3 shelf countertop merchandiser has a temperature range from 85-185 degrees Fahrenheit. It requires a 120V electrical connection.
