Notes & Details

Satisfy the versatile appetites of your hungry customers with this Avantco 24 tray stainless steel food dehydrator with glass door! Perfect for butcher shops, specialty stores, and health food stores, this unit allows you to dry out your most popular jerky, granola, fruits, pasta, and vegetables! Providing guests with delicious sweet and salty snacks has never been easier.

With a temperature range of 86 to 167 degrees Fahrenheit, you'll be able to dry a wide variety of foods with differing drying condition requirements. Meanwhile, the 24 hour timer allows you to multitask with confidence knowing that your savory snacks are being prepared perfectly. Boasting an attractive stainless steel interior and exterior, this durable dehydrator features 24 removable, stainless steel 15 3/4" x 14 15/16" racks, making cleanup a breeze. The ample size also allows for high-capacity product preparation. Plus, the dehydrator is equipped with a clear glass door that is not only attractive, but also allows for a convenient view of the products as they dry. This machine requires a 120V electrical connection.
