

Avantco 177MG32TUBE4 #32 Sausage Stuffer Flange and 1 1/8" Stuffer Tube for #32 Meat Grinders

Item #177MG32TUBE4

Technical Data

Hub Size	#32
Type	Mechanical Parts

Features

- Designed to work with #32 meat grinders
- Gives the meat grinder the ability to stuff sausage
- Flange mounts without the use of tools; tube easily twist locks into the flange
- Gives you uniform lengths of sausage 1 1/8" thick
- Perfect for 40mm collagen or fibrous casings

Notes & Details

This Avantco sausage stuffer flange and tube equip your #32 meat grinder with the ability to stuff sausage. While the flange allows for sausage stuffer plates to be used, the tube stuffs meat into sausage casings for links that are 1 1/8" in diameter. This size works best with 40mm collagen or fibrous casings to create popular foods such as summer sausage, salami, bologna, pepperoni, and other luncheon meats.

For easy use and maintenance, the flange attaches to the grinder without the use of tools, and the tube simply twist locks onto the flange. Both components are made of resilient plastic and are easy to clean and sanitize.
