Notes & Details

Tenderize and slice your signature meats with precision and ease using this Avantco MT64 stainless steel 64 blade meat tenderizer! A great addition to your deli, local butcher shop, high-output restaurant, or neighborhood market, this meat tenderizer is the perfect solution for your tenderizing and slicing needs. Combining a powerful 1/2 hp motor with razor sharp stainless steel blades, this unit delivers superior precision and power.

This unit is able to tenderize or slice meat up to 8" wide and 3/4" thick, allowing you to prepare anything from pork to chicken! The tenderizer blade is perfect for softening and tenderizing even the toughest cuts of meat, like steak or pork. The tenderizer also includes a 3/16" stripper attachment, which is great for cutting meats like chicken or steak into uniform strips to help you create fun signature dishes, like fajitas. Its durable stainless steel construction is equipped to handle heavy-duty use and is incredibly easy to clean to avoid cross contamination. This unit requires a 115V electrical connection for operation.
