Notes & Details

Enhance your self-service foodservice operation with the Avantco OAM2A 26" black countertop merchandiser! This compact countertop unit is made to allow you to place your baked goods in a convenient location where they can merchandise themselves to hungry customers. This horizontal unit features two shelves and acrylic swinging doors, providing excellent visibility and organization for your products.

The mirror-finished back sliding door makes restocking easy and convenient while ensuring the presentation of the merchandiser remains clean and aesthetic. The countertop design allows for easy access to impulse sales, making it perfect for holding pre-made hot items. The thermostatic controls range from 86 to 194 degrees Fahrenheit, ensuring that your food items are held at the optimal temperature for freshness and taste. Plus, this merchandiser features 2 separate, lockable doors for easy entry and bright, cool LED lighting to show off your products at their best to draw attention.

Whether you're looking to showcase grab-and-go items in a convenience store, restaurant, or cafe, this countertop merchandiser is a versatile and convenient solution. The unit's sleek design and adjustable temperature settings make it an ideal choice for displaying a variety of hot foods while keeping them at safe temperatures. Invest in this merchandiser to elevate your food presentation and boost impulse sales in your foodservice establishment! This unit requires a 120V electrical connection for operation and comes with a 6' power cord.
