## Avantco 177P71384 P1384 13" Ring Guard for SL713MAN and SL713A

Item #177P71384

### Technical Data

Type	Rings
------	-------

Avantco Equipment

### Features

- Direct replacement for original part
- For use with Avantco SL713MAN and SL713A slicers
- Prevents injury by limiting blade contact points

### Notes & Details

This Avantco PSLA84 ring guard is a perfect replacement for the one that came standard on Avantco SL713MAN and SL713A meat slicers. This ring is a vital part of your unit's blade assembly and allows safe operation by limiting potential contact points with the blade edge. This ensures that the blade is only open on the edge against the gauge plate, and prevents accidental injury. Use this replacement to fix your broken ring guard quickly and get your slicer working again!
