## Notes & Details

Ensure your soups and sauces are held at food-safe temperatures with this Avantco top mount drop-in hot soup well. Ideal for restaurants, caterers, buffets, and cafeterias, this unit boasts a durable, rugged stainless steel construction with heavy-duty hardware, which makes it perfect for both front- and back-of-house use. With its drop-in ability, this unit provides a space-saving design to set into a countertop, while also looking presentable with a flush appearance.

This hot soup well uses thermostatic controls and includes a 1/2" drain with a screen, helping to prevent food waste from entering your plumbing waste line. Plus, it's easy to install and comes with a remote control box with a 3' long cord. This soup well features a 7 qt. capacity and 800W of power. It requires a 120V electrical connection for operation.
