- 980 oz. total capacity serves 196 (5 oz.) cups; 120V, 1500W, 60 Hz

## **Certifications**

ETL Sanitation CB CB RoHS Compliant

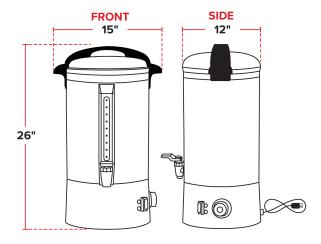

5-15P ETL, US & Canada

## **Technical Data**

Color	Silver	
Control Type	Analog	
Cover Type	Lid	
Installation Type	Countertop	
Number of Compartments	1 Compartment	
Plug Type	NEMA 5-15P	
Power Type	Electric	
Style	Pourover	
Temperature	80 - 212 Degrees F	
Temperature Control	Adjustable	
Туре	Hot Water Boilers	
Usage	Standard Duty	
Water Source	Pourover	

## **Plan View**

## **Notes & Details**

Hot water is ready "on tap" with the Avantco 196 cup water boiler! This stainless steel tank heats and holds an impressive 29 liters or 7.6 gallon of hot water with a variable temperature control between 80 and 212 degrees Fahrenheit so tea and other beverages are always available for large groups. This hot water dispenser features a double-wall stainless steel body with a 2-way, non-drip spigot to effortlessly offer hot water on demand while minimizing spills.

Ideal for catering events, hotels, offices, churches, and schools, this Avantco water boiler is a part of complete beverage service. The boiler's cool-touch handle and convenient locking system ensure your safe use, making it an excellent addition to larger facilities and business spaces. Its heating and keep-warm light help you monitor temperatures, while its boil-dry protection fuse offers added safety. It requires a 120V connection to operate.
