Item #194900001129

Features

- Water pipe connects machine to evaporator plate
- Prevents excess water from creating mess and damage
- Replaces the original pipe that came with ice machine

Notes & Details

This Avantco Ice Machines 194900001129 water pipe for evaporator panel serves as a direct replacement for the one that came with your UC-120-A undercounter ice machine. It is designed to direct excess water to the evaporator panel, keeping the area around your machine free of mess or water damage. If this part is no longer working effectively, be sure to swap it out with an operational one.
