Avantco Ice 19490029 Ice Full Sensor for Select Modular Ice Machines

Item #19490029

Technical Data

Type	Probes and Sensors
------	--------------------

Avantco Ice Machines

Features

- Detects when ice bin is full
- Replaces the original sensor

Notes & Details

This Avantco Ice Machines 19490029 ice full sensor serves as a direct replacement for the one that comes with select modular ice machines. It is designed to detect when the ice bin has become full so it no longer creates ice. If this part is no longer working effectively, be sure to swap it out with an operational one.
