Avantco Ice 19490450 Air Filter for Select Air Cooled Ice Machines

Item #19490450

Technical Data

Type	Filter Parts
------	--------------

Features

- Replaces the original filter that came with ice machine
- For use with select Avantco ice machines

Notes & Details

This Avantco Ice Machines 19490450 air filter is a direct replacement for the one that comes with select Avantco air cooled ice machines. The air filter is vital to your equipment, keeping dust and debris from clogging the internal components so that it can run at peak efficiency! Be sure to inspect the filter regularly and replace if needed.
