Avantco Ice 19491485 Condenser Motor for Modular Ice Machines

Item #19491485

Technical Data

Type

Mechanical Parts
Motors

Avantco Ice Machines

Features

- Helps refrigeration equipment dissipate heat
- Replaces the fan that came with ice machine
- Definite purpose motor for the listed use and application

Notes & Details

This Avantco Ice Machines 19491485 condenser motor serves as a direct replacement for the one that comes with select modular ice machines. It is an important part of the refrigeration system responsible for dissipating heat. If this part is no longer working effectively, be sure to swap it out with an operational one.
