Avantco Ice 19491931 Defrost Valve Body and Coil for Select Ice Machines

Item #19491931

Features

- Ensures proper functionality of auto-defrost system
- Replaces the original valve that came with ice machine

Notes & Details

This Avantco Ice 19491931 defrost valve serves as a direct replacement for the one that comes with select ice machines. It is required for proper operation of the auto-defrost system. If this part is no longer working effectively, be sure to swap it out with an operational one.
