### Notes & Details

This Avantco Ice compressor serves as a direct replacement for the one that came standard with Avantco UC-F-210-A and UC-H-210-A ice machines. It is designed to use R-290 refrigerant and swaps out quickly with the compressor in your unit to minimize downtime. This item includes starter components. A broken or malfunctioning compressor can prevent your unit from maintaining specifications and cause strain on other components, so be sure to replace it promptly.
