Avantco Ice Machines

Features

- Direct replacement for original part.
- Controls flow of incoming water
- Compatible with Avantco UC-B-77-A, UC-120-A, and UC-F-120-A ice machines

Notes & Details

This Avantco Ice 19495951 inlet valve is a perfect replacement for the one that came standard on select undercounter bullet ice machines. It is a vital part of the water pump assembly and allows inlet water to flow in to the proper level for an ice making cycle, so be sure to fix a broken one promptly. It's compatible with Avantco UC-B-77-A, UC-120-A, and UC-F-120-A ice machines.
