Notes & Details

Sleek, contemporary styling makes this Avantco Ice BIN40022 22" ice storage bin makes a perfect companion to your Avantco 22" modular ice machine. This ice bin comes with 6" legs and an ice scoop for convenient installation and use. It also features a scoop holder ledge just inside the door where the ice scoop leans for easy storage. With a durable metallic alloy exterior, this bin is durable enough to hold up to the wear-and-tear of a busy commercial environment while resisting corrosion. This bin has an easily removable baffle and requires no tools for cleaning.

Perfect for bars, restaurants, or concession stands - anywhere cold beverages are served - this ice bin can hold up to 383 lb. of ice. This unit also has a rear recessed drain fitting for maximum installation flexibility; the ice bin drain pipe comes from underneath the backside of this unit. A spring loaded door with hidden hinges allows for easy opening and closing so employees can access your ice supply when needed. Plus, at just 22" in width, this ice storage bin is perfect for kitchens where space is at a premium.
