Avantco Ice CDIM-50 Countertop Dry Ice Machine - 120V

Item #194CDIM50

Technical Data

Length	7 7/8 Inches
Width	7 7/8 Inches
Height	8 7/8 Inches
Voltage	120 Volts
Color	Silver
Installation Type	Countertop
Material	Stainless Steel
Plug Type	NEMA 5-15P
Power Type	Electric

Certifications

Notes & Details

Create dry ice with this Avantco Ice CDIM-50 countertop dry ice machine. This dry ice machine produces a 2 1/4" x 4 1/2" cylinder of dry ice, weighing about 6.5 oz, in 2 minutes. Easy to use, this dry ice machine operates with a simple click of a button. Use it to create eye-catching displays or to keep perishable products cold.

This dry ice machine converts 1.8 lb. of liquid CO2 into 0.41 lb. of dry ice. It requires a CO2 tank with siphon tube (sold separately) to operate. It includes a portable metal transport case to make transporting and storage easy as well as spare o-rings, a strap for carrying the transport case, and gloves for safety. It's also durable with its brushed stainless steel 304 construction. This unit requires a 120V electrical connection.
