- Heavy-duty metal closure ensures a tight seal to conserve energy

Certifications

NSF Certified

Technical Data

Stainless Steel Type	Type 304
Type	Ice Bins
Water Outlet Size	1 Inch

Notes & Details

This ice storage bin is the perfect companion to your Avantco Ice Diamond 22" modular ice machine. It holds up to 400 lb. of ice at a time, making it ideal for bars, restaurants, and concession stands. It is constructed of durable 304 stainless steel for long-lasting use, and it boasts a tough, sanitary polyethylene liner. This liner is impact- and scratch-resistant, and it has a 1-piece build with rounded edges to prevent dirt buildup and simplify cleaning.

This unit features an ergonomic design for enhanced user comfort and handling. It has a heavy-duty metal closure for a tight seal that conserves energy, and it is insulated with high-density polyurethane foam. Its drain system channels water directly to the outlet to keep the bin clean and dry. This ice storage bin stands on height-adjustable stainless steel legs for leveling on uneven surfaces and easy cleaning underneath.
