Qty: _____ Date: _____ Approval: _____

Avantco Ice Diamond EUC-H-340-A Air-Cooled Undercounter Half Cube Ice Machine with 99 lb. Bin - 342 lb., 115V

Item #194EUCH340A

Technical Data

Width	33 1/16 Inches
Depth	32 13/16 Inches
Height	37 7/16 Inches
Voltage	115 Volts
24 Hour Ice Yield	342 Pounds
Ambient Temperature Range	43 - 109 Degrees F
Bin Storage Capacity	99 lb.
Condenser Type	Air Cooled
Ice Type	Cubes Half Size Cubes

Features

- Produces up to 342 lb. of half cube ice per day and stores up to 99 lb.
- Durable AISI 304 stainless steel frame
- Front-facing ventilation allows for built-in unit installation
- Cleaning mode circulates water and a descaling agent
- Height-adjustable legs allow for leveling and easy cleaning underneath

Certifications

ETL, US & Canada

3/8" Water Connection

5-15P

NSF Certified

Energy Star Qualified

Technical Data

Features	Adjustable Legs Energy Star Qualified NSF Certified
Installation Type	Undercounter
Material	Stainless Steel
Plug Type	NEMA 5-15P
Product Line	Avantco Ice Diamond
Refrigerant Type	R-290
Stainless Steel Type	Type 304
Type	Ice Machines with Bins
Water Inlet Size	3/8 Inches
Water Pressure Range	14 - 85 PSI
Water Temperature Range	35 - 95 Degrees F

Notes & Details

Make sure you've always got plenty of fresh ice on hand with this Avantco Ice Diamond ice machine! This ice machine boasts a space-saving undercounter design, and it has front-facing ventilation for built-in unit installation. It produces up to 342 lb. of half cube ice per day and stores up to 99 lb. of ice in its built-in ice bin. It is easy to use with a lighted on / off rocker switch on its front panel, and it operates using R-290 refrigerant for reduced energy usage. This ice machine features a robust 4-column frame made of AISI 304 stainless steel for long-lasting durability.

This ice machine has a cleaning mode that circulates water and a descaling agent without activating cooling. It includes a sealless pump to prevent wear and tear in hard water conditions. Each of its exterior panels can be removed independently to simplify maintenance. This ice machine has stainless steel legs that adjust up to 1" for leveling on uneven surfaces and easy cleaning underneath. It requires a 115V electrical connection for operation.
