Notes & Details

This Avantco 17817114 9" fan blade is a perfect replacement for the one that came with select SS-1, GDW, GDC, GDS, DLC, and A series units. It is a vital part of your unit's refrigeration system, working with the other components to help your unit dissipate heat and keep the cabinet set to the right temperature. A broken or malfunctioning fan blade can prevent your unit from maintaining specifications and cause strain on other components, so be sure to replace it promptly.
