Notes & Details

Whether you want to show off a wide selection of sodas, teas, and energy drinks, or give customers quick access to pre-packaged salads and sandwiches, this Avantco black merchandising refrigerator is the perfect unit with its sharp looks and smart features! Its single section design takes up minimal space, making it great for applications like markets, delis, and restaurants. This merchandiser boasts interior LED lighting on the right side to always show your products at their best. The anti-fogging, dual-pane tempered glass door helps ensure a crystal-clear view of the interior, while integrated magnetic gaskets enable self-closing to ensure the door closes firmly after use every time, saving energy and maintaining the quality of your food. The unit is ideal for bottled and canned beverages, and it can also be used to show off salads, sandwiches, and other pre-packaged foods.

Made from epoxy-coated steel, the shelves in this refrigerator are easy to install and adjust to meet the demands of changing inventory needs. Each shelf has a 90 lb. load capacity. A mechanical temperature control features a digital display to make monitoring interior temperatures a breeze. This unit also comes with an auto defrost function, which ensures optimal performance day in and day out. A set of casters provides the unit with convenient mobility, so when it comes time for cleaning or maintenance, simply roll the unit away from the wall!

Designed to maintain temperatures from 33-40 degrees Fahrenheit, this refrigerator boasts a bottom-mounted 1/3 hp compressor that uses R-290 refrigerant. This specialized refrigerant has an ozone depletion potential (ODP) of 0 and a global warming potential (GWP) of 3, making it an environmentally responsible choice for your business. The durable construction includes white-coated aluminum interior walls and a stainless steel floor. The exterior features peel- and chip-resistant, powder-coated cold rolled steel that is strong and permanent. This item requires a 115V electrical connection for operation.
