## Avantco GF36-HC-S 36" Stainless Steel Glass Froster / Plate Chiller - 115V

Item #178GF36HCS

### Technical Data

|                   |               |
|-------------------|---------------|
| Width             | 36 Inches     |
| Depth             | 28 Inches     |
| Height            | 34 1/4 Inches |
| Power Cord Length | 90 Inches     |
| Interior Width    | 31 7/8 Inches |
| Interior Depth    | 23 Inches     |
| Interior Height   | 15 3/4 Inches |
| Amps              | 1.91 Amps     |
| Phase             | 1 Phase       |
| Voltage           | 115 Volts     |

### Features

- Designed to frost beer glasses and chill salad plates for a better guest experience
- Type 430 stainless steel exterior with locking stainless steel lids
- Easy-to-read front facing digital temperature controller
- Includes 5 epoxy-coated steel shelves
- 115V, 1/2 hp; R290 refrigerant; 1.91 Amps
- 2 year Parts and Labor Warranty ensures long-lasting peace of mind

### Certifications

5-15P

ETL, US & Canada

## Technical Data

|                           |                  |
|---------------------------|------------------|
| BTU (LBP)                 | 1264 BTU         |
| Capacity                  | 8.5 cu. ft.      |
| Compressor Location       | Bottom Mounted   |
| Door Style                | Sliding          |
| Exterior Finish           | Stainless Steel  |
| Horsepower                | 1/2 HP           |
| Individual Shelf Capacity | 88 lb.           |
| Installation Type         | Freestanding     |
| Number of Doors           | 1 Doors          |
| Number of Shelves         | 5 Shelves        |
| Plug Type                 | NEMA 5-15P       |
| Power Type                | Electric         |
| Refrigerant Capacity      | 3 oz.            |
| Refrigerant Type          | R-290            |
| Temperature Range         | -5 - 2 Degrees F |

## Plan View

## Notes & Details

There's no better way to ensure properly chilled plates or frosted glasses than by using the Avantco GF36-HC-S 36" stainless steel glass froster and plate chiller! With a powerful 1/2 hp compressor and a -5 to 2 degrees Fahrenheit temperature range, this glass froster is the perfect way to cool your salad plates before service or put a delicate layer of frost on your craft beer glasses.

The 8.5 cu. ft. of interior space can hold plenty of salad plates or beer mugs. The glass froster's compressor uses R290 refrigerant. This specialized refrigerant has an ozone depletion potential (ODP) of 0 and a global warming potential (GWP) of 3. To simplify maintenance, this unit is equipped with an automatic defrost system.

The interior of this unit is made of white painted aluminum while the exterior is made of durable type 430 stainless steel. Polyurethane insulation helps to maintain the interior temperatures by minimizing temperature transfer while the sliding stainless steel door allows easy access when it's time to plate up your food or draw another glass of beer. A 115V electrical connection is required for operation.
