Qty: _____ Date: _____ Approval: _____

Avantco SS-PT-36-HC 36" 2 Door Stainless Steel ADA Height Refrigerated Sandwich Prep Table

Item #178SSPT36A

Technical Data

Width	36 1/4 Inches
Depth	30 1/2 Inches
Height	44 1/4 Inches
Power Cord Length	84 Inches
Interior Width	32 1/4 Inches
Nominal Width	36 Inches
Cutting Board Depth	11 1/2 Inches
Interior Depth	23 3/4 Inches
Interior Height	23 1/2 Inches
Work Surface Height	33 5/8 Inches

Features

- 2 1/2" casters make moving simple and bring the unit to an ADA-compliant working height
- Top accommodates (10) 1/6 size, 6" deep food pans (sold separately)
- Industry-best 3/4" cutting board is built-in for convenient prep space and removable for cleaning
- Digital control with auto defrost
- R-290 refrigerant; 115V; 3/7 hp

Certifications

5-15P

ADA Compliant

ETL Sanitation

ETL, US & Canada

Technical Data

Amps	4.3 Amps
Phase	1 Phase
Voltage	115 Volts
Wattage	430 Watts
1/6 Size Pan Capacity	10 Pans
Access Type	Doors
BTU (LBP)	974 BTU
Capacity	9 cu. ft.
Casters	With Casters
Color	Silver
Compressor Location	Rear Mounted
Compressor Style	Side / Rear Breathing
Construction	Stainless Steel
Door Style	Swing
Door Type	Solid
Features	ADA Compliant Removable Magnetic Door Gaskets
Hinge Location	Left Right
Horsepower	3/7 hp
Number of Doors	2 Doors
Number of Shelves	2 Shelves
Plug Type	NEMA 5-15P
Refrigerant Type	R-290
Sections	2 Sections
Starting Amps	12.9 Amps
Starting Wattage	1290 Watts
Style	ADA Height
Temperature Range	33 - 40 Degrees F
Top Type	Standard Top

Notes & Details

Optimize your back-of-house operations with this Avantco SS-PT-36-HC 36" 2 door stainless steel refrigerated sandwich prep table, and better keep up with customer demands. Whether used in a university, sub shop, or hospital, the unit is sure to help streamline the sandwich prep process with its convenient features and capacity. Its top, for instance, accommodates up to (10) 1/6 size food pans up to 6" deep (sold separately). These are great for holding common sandwich or salad toppings, from eggs and cheese to green pepper or ham. Plus, a lift-up lid encloses the top to maintain proper, food safe temperatures. A full-length cutting board, which is 10 1/2" deep, is mounted to the table surface, providing a place for slicing ingredients and assembling orders.

Beneath the workspace is additional storage space. Because it's refrigerated, the space is great for storing back-up ingredients, such as deli meat and cheese, as well as less common toppings. Two epoxy-coated shelves are included and can each accommodate up to 90 lb. of weight, helping to organize your assorted supplies.

High quality performance is made possible by the unit's 3/7 hp refrigeration system, which maintains temperatures between 33 and 40 degrees Fahrenheit. It does this by circulating R290 refrigerant. This specialized refrigerant has an ozone depletion potential (ODP) of 0 and a global warming potential (GWP) of 3.

The construction of this unit is designed with commercial use in mind. It features a 430 type stainless steel exterior and 304 type stainless steel interior, which are fortified with foamed-in-place polyurethane insulation. The insulation also helps to promote proper temperature retention. 2 1/2" casters make moving simple for easy cleaning and bring the unit to an ADA-compliant working height. For operation, the prep table requires a 115V electrical connection.
