## Avantco SS-PT-36-AC 36" ADA Height 2 Door Stainless Steel Cutting Top Refrigerated Sandwich Prep Table with Extra Deep Cutting Board

Item #178SSPT36AC

### Technical Data

|                     |               |
|---------------------|---------------|
| Width               | 36 1/4 Inches |
| Depth               | 35 1/2 Inches |
| Height              | 41 7/8 Inches |
| Power Cord Length   | 84 Inches     |
| Interior Width      | 32 1/4 Inches |
| Nominal Width       | 36 Inches     |
| Cutting Board Depth | 15 Inches     |
| Interior Depth      | 23 3/4 Inches |
| Interior Height     | 23 1/2 Inches |
| Work Surface Height | 33 3/4 Inches |

### Features

- 2 1/2" casters make moving simple and bring the unit to an ADA-compliant working height
- Top accommodates (10) 1/6 size, 6" deep food pans (sold separately)
- Industry-best 3/4" cutting board is built-in for convenient prep space and removable for cleaning
- Digital control with auto defrost
- Uses R-290 refrigerant; 115V; 3/7 hp
- Note: only the refrigerated sandwich prep table holds the ETL certification

### Certifications

ADA Compliant

5-15P

ETL Sanitation

ETL, US & Canada

## Plan View

## Notes & Details

Optimize your back-of-house operations with this Avantco SS-PT-36-AC 36" ADA height 2 door stainless steel refrigerated sandwich prep table, and better keep up with customer demands. Whether used in a university, sub shop, or hospital, the unit is sure to help streamline the sandwich prep process with its convenient features and capacity. Its top, for instance, accommodates up to (10) 1/6 size food pans up to 6" deep (sold separately). These are great for holding common sandwich or salad toppings, from eggs and cheese to green pepper or ham. Plus, a lift-up lid encloses the top to maintain proper, food safe temperatures. An extra deep full-length cutting board, which is 15" deep to provide plenty of prep space, is mounted to the table surface but can be removed for thorough cleaning.

Beneath the workspace is additional storage space. Because it's refrigerated, the space is great for storing back-up ingredients, such as deli meat and cheese, as well as less common toppings. Two epoxy-coated shelves are included and can each accommodate up to 90 lb. of weight, helping to organize your assorted supplies. Divider bars are also included for ultimate convenience.

High-quality performance is made possible by the unit's 3/7 hp refrigeration system, which maintains temperatures between 33 and 40 degrees Fahrenheit. It does this by circulating R-290 refrigerant. This specialized refrigerant has an ozone depletion potential (ODP) of 0 and a global warming potential (GWP) of 3.

The construction of this unit is designed with commercial use in mind. It features a 430 type stainless steel exterior and 304 type stainless steel interior, which are fortified with foamed-in-place polyurethane insulation. The insulation also helps to promote proper temperature retention. Since this unit comes with ADA height casters, it offers an accessible working height. For operation, the prep table requires a 115V electrical connection.
