Avantco SS-PT-60M-AC 60" ADA Height 2 Door Stainless Steel Mega Top / Cutting Top Refrigerated Sandwich Prep Table with 11 1/2" Deep Cutting Board

Item #178SSPT60MAC

Technical Data

| | |
|---------------------|---------------|
| Width | 60 1/4 Inches |
| Depth | 38 1/2 Inches |
| Height | 44 3/8 Inches |
| Power Cord Length | 84 Inches |
| Interior Width | 56 1/4 Inches |
| Nominal Width | 60 Inches |
| Cutting Board Depth | 11 1/2 Inches |
| Interior Depth | 23 3/4 Inches |
| Interior Height | 23 1/2 Inches |
| Work Surface Height | 33 3/4 Inches |

Features

- Mega top accommodates (24) 1/6 size, 6" deep food pans
- Industry-best 3/4" thick cutting board is 11 1/2" deep to provide 3 1/2" more work space
- ADA height casters included; digital controls with automatic defrost
- Stainless steel exterior and interior; foamed-in-place polyurethane insulation
- 115V; 1/2 hp compressor; R-290 refrigerant

Certifications

ADA Compliant

5-15P

| Refrigerant Type | R-290 |
| Style | ADA Height |
| Temperature Range | 33 - 40 Degrees F |
| Top Type | Cutting Top Mega Top |
| Type | Prep Refrigeration |

Notes & Details

Optimize your back-of-house operations with this Avantco SS-PT-60M-AC 60" ADA height 2 door mega top stainless steel refrigerated sandwich prep table, and better keep up with customer demands. Whether used in a university, sub shop, or hospital, the unit is sure to help streamline the sandwich prep process with its convenient features and capacity. Its top, for instance, accommodates up to (24) 1/6 size food pans up to 6" deep (sold separately). These are great for holding common sandwich or salad toppings, from eggs and cheese to green pepper or ham. Plus, a lift-up lid encloses the top to maintain proper, food safe temperatures. A full-length cutting board, which is 11 1/2" deep, is mounted to the table surface, providing a place for slicing ingredients and assembling orders.

Beneath the workspace is additional storage space. Because it's refrigerated, the space is great for storing back-up ingredients, such as deli meat and cheese, as well as less common toppings. Two epoxy-coated shelves are included and can each accommodate up to 90 lb. of weight, helping to organize your assorted supplies. Divider bars are also included for ultimate convenience.

High quality performance is made possible by the unit's 1/2 hp refrigeration system, which maintains temperatures between 33 and 40 degrees Fahrenheit. It does this by circulating R-290 refrigerant. This specialized refrigerant has an ozone depletion potential (ODP) of 0 and a global warming potential (GWP) of 3.

The construction of this unit is designed with commercial use in mind. It features a 430 type stainless steel exterior and 304 type stainless steel interior, which are fortified with foamed-in-place polyurethane insulation. The insulation also helps to promote proper temperature retention. 2 1/2" casters make moving simple for easy cleaning and bring the unit to an ADA-compliant working height. For operation, the prep table requires a 115V electrical connection.
