Technical Data

Width	48 3/4 Inches
Depth	24 7/16 Inches
Height	34 1/4 Inches
Power Cord Length	102 Inches
Interior Width	36 1/4 Inches
Packaging Width	51.25
Shelf Width	17 5/8 Inches
Interior Depth	18 1/2 Inches
Nominal Depth	Narrow
Packaging Depth	27.5
Shelf Depth	18 1/8 Inches
Interior Height	29 Inches
Packaging Height	41.75
Amps	2 Amps
Hertz	60 Hertz
Phase	1 Phase
Voltage	115 Volts
Access Type	Doors
BTU (LBP)	974
Capacity	(2) 1/2 Kegs 13 cu. ft.
Casters	Without Casters
Compressor Location	Side Mounted
Countertop Type	Galvanized Steel
Door Style	Swing
Door Type	Solid
Exterior Finish	Stainless Steel
Features	Automatic Electric Defrost Digital Temperature Controller Food Rated LED Lighting
Horsepower	3/7 HP
Individual Shelf Capacity	90 lb.
Insulation Material	Polyurethane Foam
Material	Stainless Steel
Maximum Ambient Temperature	90 Degrees F
Net Weight	231 lb.
Number of Doors	2 Doors
Number of Kegs	2 Kegs
Number of Shelves	4 Shelves
Plug Type	NEMA 5-15P
Refrigerant Type	R-290
Shelf Material	Epoxy-Coated Steel
Temperature Range	33 - 40 Degrees F
Top Type	Below Counter

Notes & Details

Optimize the space behind your bar by adding refrigerated storage with this Avantco UBB-48S-GT-S 48" stainless steel underbar height narrow sliding glass door back bar refrigerator with LED lighting! Conveniently store a variety of bottles behind the bar so that they're ready to serve at all times, and gain 13 cu. ft. of refrigerated storage space for your most popular brews, ales, ciders, and other beverages. Its narrow design makes it more compact than similar units, making it ideal for operations that are tight on space. For long-lasting quality assurance and peace of mind, this unit comes with a 2 year Parts and Labor Warranty.

The galvanized top design is ideal for low height, built-in bars with existing cabinetry. Providing 13 cu. ft. of interior storage space, the unit fits up to (2) 1/2 kegs and houses (4) 17 5/8" x 18 1/8" shelves that each accommodate up to 90 lb. The epoxy-coated steel shelves in this food-rated unit are perfect for storing and organizing heavy bulk ingredients for your bar service, from bottles of ale and beer to fresh fruit for mixed drinks and garnishes. The interior, made of strong 201 type stainless steel, is accessible through two sliding glass doors, taking up less precious space behind the bar and making it easy to grab drinks and garnishes quickly. This unit features easy-to-use digital temperature controls to make setting and changing the temperature simple. In addition, this refrigerator has interior LED lighting to maximize product visibility. Even if your bar area is dimly lit, bartenders and servers will have no trouble finding the drinks and garnishes they need. For overall durability, the unit's exterior is made with sleek stainless steel.

This back bar refrigerator ensures optimal performance by operating with a 3/7 hp refrigeration system that circulates environmentally-friendly R290 hydrocarbon refrigerant to maintain temperatures from 33-40 degrees Fahrenheit. R290 refrigerant has an ozone depletion potential (ODP) of 0 and a global warming potential (GWP) of 3, making it an environmentally-responsible choice for your business. The foamed-in-place polyurethane insulation helps to maintain internal temperatures and adds rigidity to the body's structure. This unit requires a 115V electrical connection for operation.
