Notes & Details

Display your grab and go items in style while keeping them chilled with this Avantco BMCAC-36 36" black refrigerated air curtain spot merchandiser! This merchandiser features bright, cool LED lighting to show off your products at their best and to draw attention. Plus, the open design allows increased visibility and makes for an attractive presentation. Whether you are selling cold, bottled drinks or pre-packaged grab-and-go snacks, this air curtain gives you the opportunity to let your products sell themselves. Comes with basin shelving to optimize your merchandising options.

This air curtain has digital controls to make it easy to keep an eye on the interior temperature. The unit has a temperature range of 33-40 degrees Fahrenheit. It operates using R290 refrigerant. This specialized refrigerant has an ozone depletion potential (ODP) of 0 and a global warming potential (GWP) of 3.

For outstanding durability, this air curtain merchandiser is made of coated galvanized steel inside. As an added feature, this unit offers slots to support advertising cards around the merchandiser. An electrical heating water tray helps evaporation of condensation. This unit requires a 110V electrical connection for operation.
