Notes & Details

Showcase your patrons' favorite grab-and-go items with this Avantco CSM-4-HC black countertop display refrigerator! This unit features (2) sliding glass doors that provide easy access to bottled beverages, prepackaged snacks, and other chilled treats while also helping to save space by eliminating the need for room to open. Its lighted merchandising panel and brightly lit interior provide excellent product visibility to ensure your customers can see your offerings at a glance, while its sleek, black exterior further enhances your display, allowing you to effortlessly boost impulse sales in your market, deli, or restaurant.

This unit features a 3.6 cu. ft. capacity with (3) adjustable epoxy-coated steel shelves, offering ample space for your most popular food and beverage items. Fill it with bottled juice, cups of fruit, and small containers of yogurt to serve as a convenient breakfast to-go station, or use it as an on-the-go snack display for premade wraps and salads! Its also the perfect behind-the-bar countertop unit to give you extra space for storing your customers' favorite beers. Thanks to its compact countertop design, this unit is ideal for use at your checkout counter or bar to effectively increase sales of beer, soda, and other takeout beverages.

This unit's top-mounted 1/6 hp refrigeration system circulates R600a refrigerant to maintain temperatures between 33 and 40 degrees Fahrenheit. This specialized refrigerant has an ozone depletion potential (ODP) of 0 and a global warming potential (GWP) of 3. Plus, its foamed-in-place polyurethane insulation further optimizes temperature retention while also providing added structural strength. This unit requires a 115V electrical connection for operation.
