## Notes & Details

Add reliability to your ice cream parlor or foodservice business with this Avantco Refrigeration ice cream storage freezer! This unit boasts a sleek white powder-coated steel exterior and a painted steel interior for durability and a clean, professional appearance. Its versatile design fits up to four 3-gallon containers of your most popular ice cream flavors. The unit features two stainless steel flip-top lids that help keep your ice cream fresh and accessible. Equipped with four casters (two of which have breaks for secure placement), this storage freezer is easy to maneuver for effortless cleaning and rearranging.

The eco-friendly R-290 refrigerant and 1/6 hp compressor ensure efficient cooling, while the bottom drain allows for simple defrosting. The bottom hermetic compressor design optimizes space, making this unit ideal for businesses with limited floor space. With a temperature range of -15 to 12 degrees Fahrenheit, this free-standing ice cream storage freezer provides the perfect storage conditions for your frozen treats, ensuring they maintain their quality and taste. This unit includes an 8 ft. power cord and requires an 115V electrical connection for operation.
