## Notes & Details

Safely store wine while having it perfectly chilled and ready to serve with the AvaValley W-4GD-15 single section 81-bottle full glass door wine refrigerator and merchandiser. Its wide-ranging temperature capability of 41-64 degrees Fahrenheit makes this wine refrigerator a versatile addition.

From the oldest, finest red wines to younger, vibrant white wines, you can adjust your unit to be the ideal storage temperature. You can control the temperature with the digital controller and display on the unit for easy use. Additionally, it includes LED display lighting that helps you identify the contents without emitting heat like a traditional bulb, ensuring that the refrigerator stays at its intended temperature.

The 9 shelves can easily hold up to 81 bottles of various wines and are easily adjustable to different heights if desired! Its full length, curved glass door, and the triple pane tinted glass body allow contents to be viewable from many sides, and they also help to create a sleek, professional aesthetic. The unit runs on R-600a refrigerant, which makes for an environmentally responsible choice for your business. Plus, the entire refrigerator is mounted on 4 casters so you can easily move it wherever needed within your facility. This wine refrigerator requires a 110V connection for operation.
