Notes & Details

Keep chilled beverages on hand at all times with this AvaValley WBRC-32-DZ dual section dual temperature full glass door commercial wine cooler! Featuring a dual-zone temperature range, this beverage cooler is the perfect way to keep your wine chilled and ready to serve. This fridge boasts a temperature range from 41 to 72 degrees Fahrenheit on the left side and 34 to 50 degrees Fahrenheit on the right side. Each side features a full glass door that displays your beverages for customers to see. This fridge features 5 removable wooden shelves as well as 4 adjustable wire shelves for a total capacity of up to 32 bottles and 78 cans. This versatile chilled storage is made with a digital temperature display and touch-temperature control panel so that your items are always perfectly chilled.

This beverage cooler is designed to be installed as either a freestanding or built-in unit. It features automatic defrost and blue LED lighting that highlights your products while providing a sleek, sophisticated look, and for added security, a door lock is included to keep the contents of your refrigerator safe. It also features a fully finished black cabinet with durable stainless steel front grills and handles for long-lasting use. With this AvaValley wine cooler, your beverages will always be ready for service!
