Notes & Details

Safely store and cool your favorite wines in this AvaValley WRC-128-SZ single section single temperature full glass door wine refrigerator. Its wide-ranging temperature capability makes this wine refrigerator a versatile addition. With a temperature range from 41-72 degrees Fahrenheit, it's simple to store either white or red wine in the refrigerator for added convenience.

Multi-function digital temperature controls help manage the thermostatic cabinet. Best of all, it also includes a blue LED display light that adds aesthetic appeal and helps you identify the contents without emitting heat like a traditional bulb. This ensures that the refrigerator stays at its intended temperature. Plus, the 11 wooden shelves can easily hold up to 128 bottles of various wines! Its full length glass door, which features a stainless steel frame, allows contents to be viewable and provides a more aesthetic presentation. The door has a lock to ensure contents remain secure during after-hours. Plus, the door frame and handle are made from stainless steel to guarantee durability in commercial environments while remaining easy to clean. This unit requires a 115V, 1 phase electrical connection.
