Notes & Details

This Backyard Pro 30 qt. stainless steel turkey fryer kit is great for outdoor cooking, making it perfect for barbecues, fairs, and other events! The stock pot is made of durable stainless steel for greater longevity, and it's capable of frying turkeys up to 20 lb.

Deep frying a turkey is the best way to seal in all of the natural juices without making the bird greasy or fatty. You get the best of both worlds with the juicy succulence of frying without the extra grease and fat.

This kit features a 55,000 BTU cast iron burner in a durable, black painted rolled steel stand. A 5 PSI regulator hose ensures steady fuel flow to your burner for efficient, consistent results. Also included in this kit is the poultry rack, which holds your bird in place to ensure even oil distribution for a perfectly fried finish. The long probe thermometer measures from 100-750 degrees Fahrenheit, and it comes with a clip to secure it to the side of the pot. A 1 oz. marinade injector allows you to impart your signature flavors, and the lift hook makes it easy and safe to remove the turkey once it's done.

Kit Includes:
- Sturdy 30 qt. stainless steel turkey fryer pot
- stainless steel lid
- Poultry rack
- Lifting hook
- 12" long probe thermometer
- 1 oz. marinade injector
- 55,000 BTU burner
- Black painted steel stand
- 5 PSI adjustable regulator and 36" rubber hose
