- Pot holds turkeys up to 20 lb.

Notes & Details

This Backyard Pro 30 qt. aluminum turkey fryer pot is great for outdoor cooking, making it perfect for barbecues, fairs, and other events! The stock pot is made of durable 18 gauge aluminum for optimum heat conduction, and it's capable of frying turkeys up to 20 lb.

Deep frying a turkey is the best way to seal in all of the natural juices without making the bird greasy or fatty. You get the best of both worlds with the juicy succulence of frying without the extra grease and fat.

This kit includes everything you'll need to prepare an irresistible turkey in no time! The poultry rack holds your bird in place to ensure even oil distribution for a perfectly fried finish, and the lift hook makes it easy and safe to remove the turkey once it's done. The long probe thermometer measures from 100-750 degrees Fahrenheit, and it comes with a clip to secure it to the side of the pot. A 1 oz. marinade injector allows you to impart your signature flavors.

Kit Includes:

- Sturdy 30 qt. aluminum turkey fryer pot
- Aluminum lid
- Perforated poultry rack
- Lifting hook
- 12" long probe thermometer
- 1 oz. marinade injector
