#554BP4PODV

Technical Data

Connector Size	3/4 Inch
Type	Drain Parts Mechanical Parts

Features

- Direct replacement for the original part
- Fits BPF4G outdoor fryers
- 20 mm thread diameter

Notes & Details

Replace a broken or missing part on your outdoor cooking unit with this Backyard Pro oil drain valve for BPF4G outdoor fryers. This oil drain valve is a direct replacement for the one that came with your unit so that you can quickly make repairs and get your outdoor fryer back up and running. It lets you quickly drain away used oil for filtering or disposal. The ball-valve connection has a 3/4" (20 mm) thread diameter.
