Technical Data

Material	Stainless Steel
Type	Griddles
Usage	Grills With Casters

Notes & Details

Easily turn your outdoor range into a griddle with this Backyard Pro 32" x 16" stainless steel griddle plate! Just place it over the burner and use as a traditional griddle. Drizzle some oil on it and place a few thick, juicy burgers on top, or break out the pancake batter and whip up a fun, outdoor brunch. This griddle plate is a great addition to your outdoor range, maximizing cooking versatility to accommodate a wide range of products and applications. Use it for everything from sausage and burgers to eggs, pancakes, and grilled cheese.

Made of 9 gauge stainless steel, the plate boasts excellent durability and resistance to corrosion, perfect for use outdoors. It also ensures safety with its 2 1/4" high splash guards, which frame the back and sides of the plate to prevent oil or product from splashing onto the open flames or surrounding environment. For easy transport from the storage area to the outdoor patio or catering area, the plate is built with 2 side handles. And for simple maintenance, a grease trough is built in to facilitate safe and efficient oil collection during and after use.
