Notes & Details

Whether you're deep frying a turkey, boiling lobster, or steaming vegetables, this Backyard Pro single burner outdoor patio stove / range will help you get the job done quickly and easily! This high output, single outdoor burner features a powerful 110,000 BTU burner for rapid and even heating of water and cooking oil. This single burner gas stove boasts precision control with its included 10 PSI high performance adjustable regulator, and 36" rubber hose.

The outdoor stove burner is protected the whole way around by a wind screen for greater safety and performance. Plus, this stove's durable welded steel frame uses a wide leg design for maximum stability. You'll enjoy cooking in the great outdoors with the built-in safety features and increased efficiency!
