Type	Countertop Meat Mixer
Usage	Light Duty

Notes & Details

Mix seasonings, spices, herbs, and vegetables directly into your meat with the Backyard Pro BSMM-20T Butcher Series 20 lb. / 4.2 gallon manual tilting meat mixer! This countertop unit has a 20 pound, 4.2 gallon tub capacity to efficiently combine large quantities of meat and other ingredients in your commercial kitchen or deli. The tilting tub makes adding and removing mixtures from this unit simple, and the non-slip, rubber feet ensure your meat mixer won't slide or scuff your worktop. This unit is also surface mountable (hardware not included) if you prefer.

This meat mixer features a stainless steel construction and all-metal gears. Place the clear plexiglass top on the unit while mixing to avoid spills and wasted product. For convenient cleaning, both the paddle and the handle are removable. When you're done mixing, fold the mixing tub down and remove the handle for compact storage!
