

## Dragon Ventless Rapid Cook Ovens: Model 300H-VRC

Model 300H-VRC-S

Model 300H-VRC-B

### Standard Features

#### Plug-in & Go Cooking Simplicity

- Use it almost everywhere with a 208v/1p/60Hz/20a connection
- The maintenance free catalytic filtration limiting grease laden air emission
- Ventless\* for most foods except raw fatty proteins

#### Nationwide Factory Service

- Factory trained technicians equipped with factory knowledge and parts
- Skilled installation and set up
- Service plans that provide peace of mind and controlled costs

#### Advanced, Intuitive Capacitive Touch Controller

- 7" color touch controller with multiple language support
- Favorites menu for easy one touch, icon driven cooking
- Stores up to 240 recipes each with 5 steps
- USB port for quick uploading and downloading of recipe files

#### Energy Efficiency

- Fully insulated baking chamber helps to reduce ambient room temperature
- Bottom heating elements not required, reducing energy consumption
- Up to 50% less energy consumption than other models

#### Hybrid Design With Air Impingement & Microwave Technologies

- Variable speed impinged air penetrates food to cook 15% to 20% faster
- Top fired microwaves precisely delivered directly into the chamber
- Designed to provide perfect rapid cooking, retherming, roasting and crisping results every time

#### Effortless Cleaning

- Ultra-smooth mirror finish interior cooking chamber means less grease adhesion for easier cleaning
- No movable parts inside the baking chamber
- Cool down mode allows daily cleaning to begin sooner

#### Elegant & Functional Design

- Excellent visuals for front of house cooking
- Designed for efficiency and comfort for the user
- Perfectly designed for sandwiches, snacks and plant based foods served fast

*\*This product conforms to the ventilation recommendations set forth by NFPA96 using EPA202 test method.*

### Written Specification

Ventless rapid cook oven shall be Bizerba model 300H-VRC with an exterior finish of stainless steel or black anodized or red powder coated steel. Interior cooking chamber walls will be made of stainless-steel with a #8 mirror finish to lessen grease and food particle adhesion to the interior walls and there will be no moving devices. The exterior dimensions of the rapid cook oven will be: 17.52" W x 27.04" D x 22.44" H and the interior cooking chamber dimensions will be: 12.48" W x 12.25" D x 6.69" H. The microwave system will have a single magnetron, will be top-fired with the microwaves delivered through an antenna system directly into the cooking chamber. The impingement air system will be variable and supplied from the top of the oven, which will also include a maintenance free catalytic filter to lessen emissions of grease laden vapors. The oven shall have an advanced, 7" capacitive touch screen color controller with a favorites menu for one-touch operation and multiple language support.

### Warranty Information

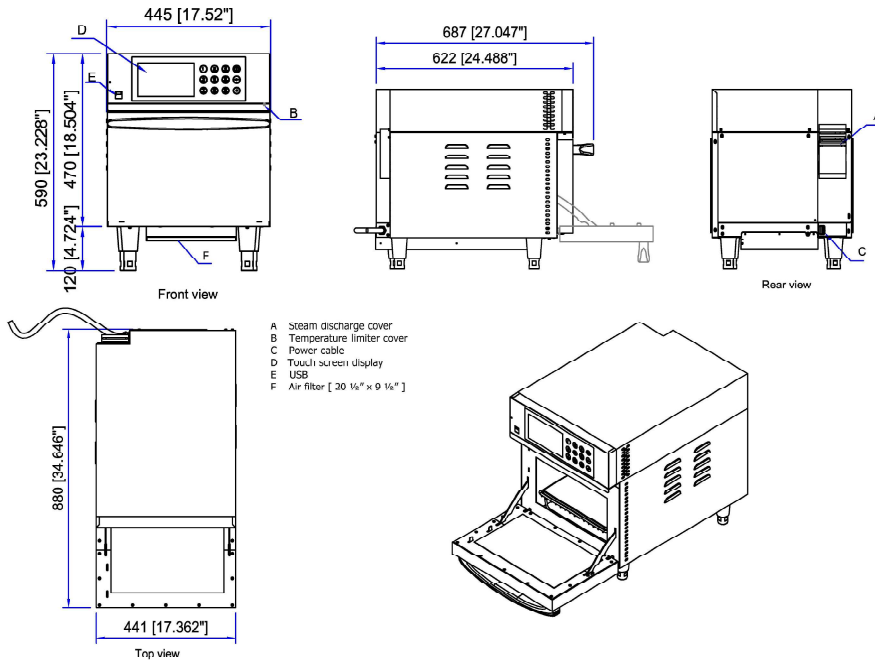

The 300H-VRC Oven carries a one-year, on-site parts and labor warranty against any flaws in materials and workmanship. This period begins with the date of purchase and, provided the unit is used properly in accordance with our instructions, is in full effect for one year from that date. Any work to be performed under this warranty must be performed between the hours of 8:00 a.m. and 4:30 p.m. local time, Monday to Friday. Bizerba will not pay overtime charges for work performed other than during normal business hours. Accessories have a 30-day replacement or repair warranty for the period beginning on the date of purchase. Damages incurred in transit or from installation error, accident, alteration or misuse are not covered. Transit damages should be reported to the carrier immediately. Bizerba shall not be liable for any consequential, compensatory, incidental, or special damages. All warranty work must be performed by a factory authorized Bizerba Representative.
