Pints Per Day Rating	93 Pints (AHAM)
Plug Type	NEMA 5-15P
Type	Dehumidifiers

Notes & Details

Ensure that your establishment maintains a comfortable humidity level with this Boltic 160 pint commercial dehumidifier! This unit boasts a roto-molded plastic housing to withstand regular use, and it includes wheels and a handle for convenient mobility. It removes 160 pints of water per day at saturation and 93 pints of water per day in a setting at 80 degrees Fahrenheit with 60% relative humidity.

This dehumidifier is designed to allow you to set your desired humidity level. It includes an internal tank to allow you to collect water and discard it when the tank gets full. It also comes with a hose that allows the dehumidifier to immediately discard the collected water into a drain. This 735W unit requires a 115V electrical connection for use. Keep your establishment comfortable with this Boltic dehumidifier!
