With the look of crystal but the durability of plastic, the Parker Collection's elegant sophistication will certainly turn heads. Made of the Tritain Copolyester, shatter-resistant, ultra-strong, dishwasher-safe material, this line of stemware and heavy-based drinkware is designed to serve where breakage is not an option. Available in a variety of popular shapes, capacities and styles.

Elevate your beverage service with our 11-1/2 ounce Collins glass from the Parker Collection. Crafted from durable Tritan plastic, this glass mimics the elegant look of glass while being shatter-proof and highly durable, perfect for high-traffic environments. The thick sham design ensures a comfortable, sturdy grip, making it an excellent choice for both patrons and servers. Ideal for serving classic cocktails like Tom Collins, mojitos, or any tall mixed drink, this versatile glass brings sophistication to any setting, from upscale dining to casual poolside bars. Choose the Parker Collection for a timeless design that seamlessly blends style and practicality, ensuring your drinkware stands out while withstanding the demands of the food service industry.
