For the modern caterer, any opportunity for economization is valuable. We created the Black Twilight Multifunctional Riser to work as a “utility player” in your dining room. Each is a riser and a basket all in one. Whichever way you use them, these sturdy metal pieces would be a stylish, uber-versatile addition to your buffet service roster.

At 15″ L x 5-1/2″ W x 6″ H, this black metal riser adds more dimension and functionality to your grazing tables, buffets and displays. The minimalistic design gives your guests better visibility and ensures your food stands out. Pair this riser with the compatible tray from the Black Twilight collection!
