Technical Data

Features	Drip Tray Non-Stick Rotating
Grid Style	Single
Maximum Temperature	570 Degrees F
Output	20 Waffles Per Hour
Power Type	Electric
Shape	Bubble
Type	Bubble Waffle Makers

Notes & Details

Perfect for creating unique bubble waffles or bubble waffle cones, this Carnival King BWM3 non-stick single bubble waffle maker is a great cost-effective choice for your ice cream shop, breakfast service, or concession stand! This bubble-style waffle maker produces up to 20 waffles an hour to keep up with your business' demand. Featuring non-stick cast aluminum plates, this waffle maker crafts perfect bubbles up to 7 1/2" diameter without sticking to the grid. The cooking grid rotates 180 degrees while cooking to ensure even heat distribution. The temperature control reaches up to 570 degrees Fahrenheit while a 5-minute audible timer prevents burning by letting you know exactly when the waffle is done cooking!

This unit has a durable stainless steel frame that's easy to clean. Cool-touch bakelite handles help avoid any burns while making removal a breeze. Additionally, a removable drip tray is included to prevent messy batter from spilling on to your countertop. Boost your impulse sales with a fun novelty bubble waffle or waffle cone using this waffle maker! This unit requires a 120V electrical connection for operation.
