## Features

- Allows access to the roller grill interior but protects food from contamination
- Fits HDRG12 roller grills
- Made from extra-strength tempered glass with stainless steel sides
- One open side for convenient serving

## Notes & Details

This Carnival King 382HDRG12GSG sneeze guard is a perfect companion for your HDRG12 roller grill! Sneeze guards like this one are used to protect the food on your roller grill from airborne contaminants, and having one is important to maintaining proper food safety.

This guard is made from extra-strength tempered glass with an attractive curved design, while stainless steel sides create a sturdy frame. One end is left completely open on the grill, allowing you to easily access the interior with tongs, and this also prevents accidental burning since you will always be loading and serving product from the same side.

**⚠ WARNING:** This product can expose you to chemicals including lead, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, go to [www.p65warnings.ca.gov](http://www.p65warnings.ca.gov).
